Shall the Missouri Constitution be amended so that the citizens of the City of St. Louis may amend or revise their present charter to provide for and reorganize their county functions and offices, as provided in the constitution and laws of the state?

The estimated fiscal impact of this proposed measure to state and local governments is \$0.

No. 2 -- Proposed by Initiative Petition:

The annual costs to paid fire departments and districts, ambulance departments and districts, and dispatch agencies to enter into collective bargaining contracts are approximately \$251,600 to \$3,145,000, depending upon the number of entities entering into such contracts.

**No. 3 -- Proposed by the 91st General
Assembly (First Regular Session) HCS SJR
24:**

Shall Article III, Seciton 8 of the Missouri Constitution be amended to exclude, from the calculations of term limits for members of the

**No. 4 -- Proposed by the 91st General

HCS HJR 47:**

This measure provides potential savings of state revenue and imposes no new costs.

**Constitutional Convention -- Submitted by
Matt Blunt, Secretary of State, State of
Missouri, Mo. Const. Art. XII, Sec. 3(a):**

Shall there be a convention to revise and amend the constitution?

Statutory Measure

**Proposition A -- Proposed by Initiative
Petition:**

Shall Missouri Law be amended to impose an additional tax of 2.75 cents per cigarette (fifty-five cents per pack) and 20 percent on other tobacco products, with the new revenues placed into a Healthy Families Trust Fund to be used for the following purposes: hospital trauma care and emergency preparedness; health care treatment and access, including prescription drug assistance for seniors and health care initiatives for low income citizens, women, minorities and children; life sciences research, including medical research and the proper administration of funds for such research; smoking prevention; and grants for early childhood care and education?

An additional tax of two and three-quarters cents per cigarette and an additional tax of twenty percent of the manufacturer's invoice price for tobacco products other than cigarettes would generate net annual state revenues of approximately \$342,636,000; local fiscal impact, if any, is unknown.
